NOTE: Your group will be seated together at the outside dining area.

Room Floor Plan + Extra Details

ROOM LAYOUT: Most of the catering options are best setup along the area with tables 8 to 12. This ensures enough space for cocktail style and for guests to mingle. We can move around and rearrange to suit any occasion.

DECORATION: As the venue is quite beautiful as is, some people choose to keep it simple and not bring decorations, however if you want to, you are welcome to bring decorations (i.e. flowers, balloons) and props etc. We do not allow anything stuck to our walls or roof, as we have delicate wallpaper and flower arrangements.

MUSIC: We can either play our own music (or search a preferred playlist) or you can connect your Spotify playlist to our music system and play your own set playlist. Please make sure your playlist is set to 'public' so that we can access it on the day.
